***Allowable Subject Matter***

Claims 1-29 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-14 are allowable over the prior art because Claim 1 sets forth a flashlight having a body portion comprising a split-ring clip portion at one end including first and second arms entirely molded with the body of the flashlight with the first and second arms overlying one another to form the ring clip operable by twisting the arms apart. This combination of limitations was not shown or suggested by the prior art. Claims 15-29 are allowable over the prior art because Claim 15 sets forth a flashlight having a body with a split-ring clip portion including a first and second arms entirely molded along the body of the flashlight with each arm overlying one another to form the ring clip. Claim 15 further sets forth that the ring clip is operable by twisting the first and second arms apart. This combination of limitations was not shown or suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications should be directed to Examiner Neils at (571) 272-2377 on a Monday or Thursday. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sandra O'Shea can be reached on (571) 272-2378.
